# INDUSTRY LEADING WARRANTIES

AS THE LEADER IN METAL ROOFING, IT'S ONLY FITTING THAT OUR DECADES-LONG WARRANTIES OUTLAST ALL OTHERS.

**50 YEAR LIMITED WARRANTY**

**24 GAUGE D2 KYNAR® 500 WITH OCEAN GUARD**

Thicker and stronger, our 24-gauge metal roof panels are engineered to perform in the harshest environments. In collaboration with PPG, Nu-Ray designed these panels to set the new standard in metal roofing. The quality is well worth the upgrade. The AZ50 Zinalume® base steel is coated in extra thick high-build primer and finished with PPG's D2 Kynar® 500, so we can confidently offer a standard 50-year finish warranty. A 15-year warranty is available on finishes for projects located on coastal properties.

**40 YEAR LIMITED WARRANTY**

**26 GAUGE D2 KYNAR® 500**

With 40+ years of experience, Nu-Ray has concluded that our 26-gauge panels utilizing a galvanized G-90 base finished in PPG's D2 Kynar® 500 is the perfect roofing material for residential and light commercial applications. D2 Kynar® also incorporates ULTRACool pigments, which provide unparalleled solar reflectivity.

**40 YEAR LIMITED WARRANTY**

**26/29 GAUGE SELECT PLUS**

Nu-Ray's 26/29-gauge Select Plus panels feature superior scratch resistance and top-of-the-line color pigments, making them ideal for residential, light commercial, and agricultural projects. The budget conscious Select Plus system also marries the newest technologies in paint with the long history of PPG paint systems, incorporating ULTRACool pigments to provide superb solar reflectivity.

## PROTECTING NATURAL RESOURCES

All of Nu-Ray's metal roofing products are 100% recyclable. Excess material from the manufacturing process is recycled. Because our metal roofing is warranted to last up to 50 years, natural resources are not wasted. Compare this to asphalt and cedar roofs that require frequent replacement.
